

# CREATE AN INVENTION!

---

1. THINK OF A PROBLEM THAT NEEDS TO BE SOLVED.
2. BRAINSTORM POSSIBLE SOLUTIONS.
3. CHOOSE YOUR BEST IDEA.
4. FIND OUT IF THE IDEA HAS ALREADY BEEN INVENTED. IF NOT, PROTECT YOUR IDEA!
5. DRAW A DETAILED PICTURE.
6. CONSTRUCT A MODEL.
7. TEST AND REDESIGN THE INVENTION UNTIL IT WORKS!
8. THINK OF AN APPROPRIATE NAME FOR YOUR PRODUCT.
9. DESIGN AN INTERESTING WAY TO ADVERTISE. THEN, SELL YOUR INVENTION!
